## HELP IS CLOSER THAN YOU THINK.

We may be in the United States but help is only a phone call away. From applying to become a student, securing travel documents, and meeting immigration requirements to finding housing and transitioning to life in the United States, our dedicated team is committed to making your experience here an enjoyable one.

## FINDING YOUR PASSION IS EASY WHEN YOU KNOW WHERE TO LOOK.

Digital Media Arts College (DMAC) in Boca Raton, Florida is the perfect place to learn digital arts. Not only is this part of the United States known for beautiful weather; our campus is literally 33,000+ feet of creativity and technology.

International students quickly discover that we have a passion for digital arts. After all, that's all we do. Students worldwide come to DMAC to study digital arts.

## WHICH ONE ARE YOU PASSIONATE ABOUT?

**Graphic Design**
**Computer Animation**
**Web Design & Programming**
**Visual Effects Animation**

Regardless of which one interests you the most, you'll be learning from knowledgeable professors who are ready to help you succeed.

## REAL-WORLD SUCCESS COMES FROM REAL-WORLD TRAINING.

At DMAC, you'll be using the same software, equipment, and technologies that industry professionals use in the marketplace. You'll be challenged, but also motivated to meet those challenges. And when they're met, you'll not only have the knowledge and skills you need to compete; you'll have the confidence you need to thrive.

## GET THE DEGREE THAT FITS YOUR NEEDS.

No matter where you are on your career path, whether you're just getting started in digital arts or wanting to take your current knowledge and skills further, DMAC has the degree to fit your needs.
